Requirements

- Functional requirements
 - The GDP launcher application has a startup animation
 - The GDP launcher application runs automatically at GDP start
 - The GDP launcher application shall respect the lifecycle requirements from <https://collab.genivi.org/issues/browse/GDP-49>
 - The GDP launcher application shall be able to properly shut down the system (to prevent from SDcard rootFS alteration at system power off)
- Developer requirements
 - The GDP launcher application can support any number of PoCs
 - There will be documentation how to add a new PoC launch interface
- Non functional requirements
 - The GDP launcher application is fancy, snappy and responsive
