

The diagram illustrates the layers of the TLS protocol. It consists of three main horizontal sections. The top section is divided into three sub-sections: 'Application Protocol', 'TLS Handshake Protocol', and 'TLS Alert Protocol'. The middle section is a single block labeled 'TLS Record Protocol'. The bottom section is a single block labeled 'Transport Layer'. All sections are represented as curved rectangular bands.

Application  
Protocol

TLS Handshake  
Protocol

TLS Alert  
Protocol

TLS Record  
Protocol

Transport Layer
